

Unit 	Teaching Period	Educator	T1 - Educator feedback	T2 - Overall approach to teaching supported my learning
EGB 342	SEM-2-2024	Miss Therese Joseph	Very energetic tutor who always helps explain questions while providing useful tips.	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Thankyou thankyou thankyou for being such a great tutor.	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Easily an S tier tutor. Makes sure everyone understands where each number comes from	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Summarised lecture content quickly and efficiently. Increased my understanding. Well paced tutes with a good balance. One of the best tutors Ive had	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	N/A	Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Well explained tutorials. It would be helpful if you were able to give a bit more information regarding assignment questions (especially if we have already given it a go)	Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Really enjoyed the tutorials!! Perfectly broken down explanation at the start of each tutorial and nicely organised notes helped me consolidate each weeks concepts.	Strongly Agree
EGB 342	SEM-2-2022	Miss Therese Joseph	I appreciated how you made the time to talk to everyone in the tutorial and check on everyone's progress, but I feel like sometimes the time spent on certain questions was a bit too long as a result, meaning we had to rush the last bit of the tutorial and the MATLAB section. I guess it could be a better approach to try and finish the tutorial early and leave questions until the end?	Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	SHE IS AN ABSOLUTE LEGEND!! Genuinely one of the best tutors i've ever had at uni. The way she explains content is so helpful, and much easier to understand than anything said in the 3 hrs of lectures. She carried this subject. Also the way she made little summaries at the start of each tutorial was really helpful. The way she always checked in individually to make sure we understood was amazing.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	very engaging tutorials. loved every minute of them	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	We love you Therese!! Such a massive help in tutorials. So good at explaining hard things. I thought I would never understand digital modulation. I was ready to give up. And then, the light in the darkness, Therese explained it in under 20 minutes and I didn't have a single question - fantastic	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Therese was an exceptional tutor. She worked through the tutorials in a very orderly, clear and paced way that helped me understand the material and the steps to solve the problems. She expertly answered our questions and referred us to the lecturers if she was unsure or if we wanted more information. I hope to have a tutor like Therese again.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	N/A	Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	I really enjoyed the way you structured tutorials. You had a good balance between the tutorial questions and the MATLAB content in those tutorials which had both.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	I really liked how helpful you were. I also liked how you very clearly explained the problems in the tutorial. I would like though if you could give us a bit more help with doing the MATLAB and I would also like if maybe the tutorials were a little more independent.	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Therese was an excellent tutor who would explain concepts very well during tutorials. She was also very patient and would often go around the room asking if anyone needed help. She was a great help for my learning.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	Fantastic tutor! Thank you Therese for a great unit. Your method of teaching and passion for what you teach made it a pleasure to come to the tutorials each week. You explain everything very clearly and take the time to help students when needed. I would say one of the best tutors I have had while being at QUT. Your hard work did not go unnoticed!	Strongly Agree

EGB 342	SEM-2-2023	Miss Therese Joseph	Therese is one of the best tutors I've ever had. She does a great job explaining concepts and showing logical steps to understanding the content. Thank you, please don't change.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	Excellent tutor! Tells us what we need to know and how to use it which is exactly what I like and need from a tutorial session. Also structures the class very well. Would like if sometimes a few more steps are shown for some of the complex stuff but I understand the need to skip these for sake of time.	Strongly Agree
EGB 342	SEM-2-2022	Miss Therese Joseph	Knowledgable. Does her best given the time she's given in tutorials to go through everything.	Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	I hope she did all the tutorials all through out the semester. She really explains the concept very well.	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	Therese was very knowledgeable and always incredibly helpful in tutorials. She taught the content very clearly and was fantastic at explaining especially tricky parts of the content.	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	Extremely helpful in providing assistance during tutorials. Very knowledgeable. Provided very useful help during 1 on 1 discussions in tutorials.	Strongly Agree
EGB 342	SEM-2-2024	Miss Therese Joseph	N/A	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	An absolute gem, please keep her she's incredible at explaining and recapping content.	Strongly Agree
EGB 342	SEM-2-2022	Miss Therese Joseph	ran tutorials nicely, some tutorials were a bit confusing but overall well done	Strongly Agree
EGB 342	SEM-2-2023	Miss Therese Joseph	it's easy to understand and follow what's going on in the tutorials	Agree
EGB 342	SEM-2-2022	Miss Therese Joseph	N/A	Strongly Agree
EGB 342	SEM-2-2022	Miss Therese Joseph	Really liked her positivity, however a lot of time was wasted in tutorials when she would visit every table. Would mean we rushed through the lab component of the tutorial, and most weeks it wouldn't run properly in MATLAB and their would be no explanation as to what we were doing.	Neutral
EGB 342	SEM-2-2023	Miss Therese Joseph	Therese was good, however it was clear that this isn't her field of expertise (Telecomms/RF) more so RF. She is great at the tutorial structure and the way she explains some things are good, however some concepts when questioned , she may not have a good answer for (which is fine) but this could be changed by having a telecomms/RF dedicated tutor or better preparation of the content. Also tutorial 6 wasnt recorded properly and makes it tough for students to revise for exams. Overall Therese was good!	Agree
EGH 443	SEM-1-2023	Miss Therese Joseph	Great communication skills. Able to breakdown complex concepts into more manageable ones. Provided excellent 1 on 1 support as well as in a group environment.	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	N/A	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	You did a good job with the tutorials.	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	N/A	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	Knowledgeable, but that one time used Matlab to solve something and didn't show the line by line otherwise no issue	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	Thanks for being a great tutor Therese. You are easy to understand & follow, and great at explaining concepts & answering questions.	Strongly Agree
EGH 443	SEM-1-2024	Miss Therese Joseph	I really appreciated your overviews given at the start of the tutorials, and assistance given to help us complete the assignments.	Agree
EGH 443	SEM-1-2023	Miss Therese Joseph	Very supportive and able to explain concepts in an approachable way.	Strongly Agree
EGH 443	SEM-1-2023	Miss Therese Joseph	Explains tutorial solutions well.	Strongly Agree

EGH 443	SEM-1- 2024	Miss Therese Joseph	Therese leads tutorials well, and I felt I was learning in the tutorials.	Strongly Agree
